**How ACUDETTOX
(Acupuncture)
Can Help You Recover from
Substance Abuse**

ATCIC Approved Provider

WHAT IS ACUDETTOX?

An acupuncture-based protocol that is used to treat alcoholism, substance abuse, and chemical dependency with 5 ear (auricular) acupuncture points that are manually stimulated with needle insertion.

WE ARE

Texas Health and Science University - an ATCIC authorized AcuDetox provider.

Our clinic located Austin, Texas is staffed with professional licensed practitioners approved by ATCIC to treat substance abuse clients.

THSU was established in 1990 and was the first in Texas approved to provide instructions in acupuncture and oriental medicine.

We currently offer Bachelor, Master, and Doctoral degrees in:

- Traditional Chinese Medicine (TCM)
- Acupuncture
- Oriental Medicine

Classes in **Austin & San Antonio.**

Quality treatment at an affordable rate.
Recover NOW with our AcuDetox treatment!

WHO CAN BENEFIT FROM ACUDETTOX?

YOU can - if you suffer from substance abuse such as:
(and not limited to)

- Drug Addiction
- Alcohol Addiction
- Tobacco Addiction

HOW OFTEN DO I NEED TO RECEIVE THE TREATMENT?

For optimal results: 5 times a week for 4 consecutive weeks (28 days) constitutes a course of treatment.

Call right now to schedule an appointment with one of our ATCIC approved practitioners.

HOW IS ACUDETTOX DONE?

During a session of treatment, 5 thin, pre-sterilized, and disposable needles are inserted into the external ear (auricle) at the designated points. The common sensations after needle insertion include soreness, distension, and numbness in the localized areas of the ear.

HOW WILL IT BENEFIT ME?

After a consistent course of treatment, you may begin to notice:

- Reduced cravings for alcohol, drugs, and nicotine.
- Minimized withdrawal symptoms.
- Increased calmness, better sleep, and less agitation.
- Relief from stress and emotional trauma.
- An easier connection with counseling.
- A new-found discovery of inner quiet and strength.
- A strong intention for recovery
