General Education Requirement Worksheet

Student Name:	Date:
---------------	-------

General Education Requirements are those areas of learning which are deemed to be the common experience of all “educated” persons, including subject matter from the humanities, mathematics and the sciences, and the social sciences.

General education requirements and other course hours must be equal to or more than 60 (Required: Semester credit hours; Grade C or above). Thirty six (36) of these hours must be in general education as described below. Note that courses within the area of concentration of the subject matter of the program shall not be considered general education courses. Also, remedial courses do not count as college-level coursework. The remaining 24 hours can be in any other field of study as long as they are not remedial.

General Education (required at least 36 credits, at least one course from each section)

Humanities		Math and Sciences		Social Sciences		Other Courses	
Courses in fields such as literature, philosophy, logic, foreign language, art, music appreciation, and communications, including rhetoric, composition, and speech; but excluding business communications, spelling, letter writing, and word study.		Courses such as biology, chemistry, physics, geology, astronomy, and mathematic theory and analysis, including algebra, trigonometry, geometry, calculus, and other advanced mathematics courses, but excluding business mathematics and basic computations.		Courses such as history, economics, political science, geography, sociology, anthropology, and general psychology, but excluding courses such as practical psychology, selling techniques and social or business behavior.		Courses accepted in this column can be from any field as long as they are not remedial. They must equal 24 hours (or sufficient to bring the total to 60).
